Narcotics Anonymous is an international, community-based, non-profit fellowship of men and women for whom drugs have become a major problem - we are recovering addicts who meet regularly to help each other stay clean.

There are approximately 71,000 weekly meetings worldwide, in 139 countries, with NA literature in 48 languages.

There are more than 1,170 weekly meetings in the UK, and we hold NA meetings in over 40 UK prisons and closed institutions. (Jan 2019).
